Magic

Jillian Jacqueline

Was I the girl in the crimson dress?
Smiling while I held my breath
Was there a kiss after the curtain closed?
Did we break each other's hearts just for the show?

Was it magic or just nostalgic?
A queen of hearts up the sleeve of a jacket
Were we drunk or just distracted?
Feels like smoke and mirrors now
It disappeared but don't know how
Were we just an empty hat without the rabbit?
Was it real or was it magic?

Did I trick my own memory?
To look how I thought it should be
Guess there's some things I'll never understand
Was you holding me just a slight of hand?

Was it magic or just nostalgic?
A queen of hearts up the sleeve of a jacket
Were we drunk or just distracted?
Feels like smoke and mirrors now
It disappeared but don't know how
Were we just an empty hat without the rabbit?
Was it real or was it magic?

Did you cut me in half
While the audience laughed?
Was every moment just an act?

Feels like smoke and mirrors now
It disappeared but don't know how
Were we just an empty hat without the rabbit?
Can you lose it if you never really had it?
Was it real or was it magic?
