

# Make Me Cry

Jillian Rossi

You ruined funny for me  
Made me laugh til I couldn't breathe  
And I'm still trying to  
Haven't caught my breath since I met you

You ruined funny for me  
Now it's all I want and it's all I need  
And I hate that I'm funny too  
Cause I can't be me without thinking of you

The higher you take me  
The harder I'll fall  
I know you'll stop chasing  
The second I call  
And it's all entertaining  
'Til you go and play me  
Oh I've seen it all

You remind of someone I loved until I hated  
He made me happy with bad jokes he got away with  
You remind me of the type of guys I stay away from  
Can't be another punchline  
Cause the ones who make me laugh will make me cry

Cry, cry  
Oh the ones who make me laugh will make me

Can't take you seriously  
Is this real or are you messing with me  
I know you're all for fun  
Do you get off telling me that I'm the one?

You hide disrespect with comedy  
Light up the room till it's burning me  
I'm cracking up but I'll be in pieces

The higher you take me  
The harder I'll fall  
I know you'll stop chasing  
The second I call  
And it's all entertaining  
'Til you go and play me  
Oh I've seen it all

You remind of someone I loved until I hated  
He made me happy with bad jokes he got away with  
You remind me of the type of guys I stay away from  
Can't be another punchline  
Cause the ones who make me laugh will make me cry  
You remind me of someone I loved and type of guys I've dated  
Who always made me hate them, oh

Cry, cry  
Oh the ones who make me laugh will make me cry
