

# Charlie Green Play That Slide Trombone

Jim Croce

I know a fool who blows a horn  
He comes from way down South  
Oh yeah and you ain't seen such blowin'  
Since you been born  
Like when a trombone's to his mouth

He wails and moans, grunts and groans  
He can moan just like a cow  
And you ain't seen such blowin'  
Since you been born  
'Cause he won't show 'em how

Oh, Charlie, won't you play that thing?  
I mean the slide trombone  
Make it talk, make it sing  
I mean the slide trombone  
If Gabriel knew how you could blow  
He'd let you lead his band, I know

Oh, Charlie, won't you play that thing?  
I mean the slide trombone  
Oh, Charlie, play that thing  
I mean the slide trombone  
Make it talk, make it sing  
I mean the slide trombone

Now you ain't seen such movin' hips  
Like when the trombone's to his lip  
Charlie Green, play that thing  
I mean the slide trombone  
Oh, yeah, I mean the slide trombone
