Hmm

I would give you the world
If that would make it all better
They said that love's gonna hurt
But babe, it's only beginning

If I give it up, would it break your heart?
Just to know what I'm like
'Cause I'm home again
Tell me you're feeling it
If it's love

Hmm

And there's a million words
I could say to you, baby
But if you think it could work
Tell me they're all worth saying

If I giving up, would it break your heart?
Just to know what I'm like
'Cause I'm home again
Tell me you're feeling it
If it's love
