I loved you
Still no way I called you
Still no way I called you
Still no way I called you
I loved you
No way I called you
No way I called you
I loved you
Still no way I called you
Still no way I called you
I loved you, yeah
No way I called you
No way I called you
I loved you
Still no way I called you
Still no way I called you
I loved you, yeah
No way
No way
Still no way
Still no way
No way
No way
Still no way
Still no way
No way
No way, yeah
No way
