Good Enough

Jim-E Stack

If you tryin' to lie then do it on me
Want all of your bod' on me
Don't know I need your energy
I just need something bad for me

All your good is good enough (Good is good enough)
All your good is good enough (Yeah)
Too much good is good enough (Good is good enough)
For me
For me
For me
For me

Too much good is good enough (Good)
Too much good is good enough
Too much good is good enough (Good)
Too much good is good enough

If you tryin' to lie then do it on me
Want all of your bod' on me
Don't know I need your energy
I just need something bad for me

All your good is good enough (Good is good enough)
All your good is good enough (Yeah)
Too much good is good enough (Good is good enough)
For me
For me
For me
For me

Too much good is good enough (Good)
Too much good is good enough
Too much good is good enough (Good)
Too much good is good enough
