Don't want you to feel too much
But you, to let you to feel too much
But my love, whenever it breaks
My love, it feels
I don't want to be a fool
But I hope I feel the fall [?]

Don't want you to feel too much
But you [?] you to feel too much
But my love, whenever it breaks
My love, it feels
I don't want to be a fool
But I hope I feel the fall [?]

Don't want you to feel too much
But you, to let you feel too much
