Lost Man

Jim-E Stack

Ayy, talk about me first, man
Me first, man
Yeah, I'm not like a lost man
But it feel like I've lost my mind
Get the mulah, bitch, move fast, man
We've lost mind
Yeah, I'm not like a lost man
But it feel like I've lost my mind

Get in the car, watch the time fly past
Movin' so fast, we lost track of who we are
Too many people that be on our backs
But you are my base, man, you're all I have
'Cause you are my rider, my rider
Never find a gyal like ya
Even I have love, girl

Ayy, talk about me first, man
Me first, man
Yeah, I'm not like a lost man
But it feel like I've lost my mind
Get the mulah, bitch, move fast, man
We've lost mind
Yeah, I'm not like a lost man
But it feel like I've lost my mind
