Note To Self

Jim-E Stack

When you feel like there ain't no way
It's inevitable, baby
Sometimes we just have to fall down
Dim the lights and mute the sound
Just let it knock you down
Don't fight it, let it bring you back around
Just let it knock you down
Don't fight it, let it bring you back around
Just let it knock you down
Don't fight it, let it bring you back around
Just let it knock you down
Don't fight it, let it bring you back around
