Know Til Now

Jim James

Ghost, you don't want
You'll see
Caught and lost for words
Until now

I didn't know 'til now
I could not have known
I didn't know 'til know
Just couldn't know it
As we need to be
Know 'til now
As we climb the beat
Know 'til now
But now I see
Know 'til now
But now I see
I didn't know!

Lost in the world
It seemed
Caught and lost for once
I didn't know 'til now
How could I have known
I didn't know 'til now
How could I have known
I didn't know 'til now
How could I have known
But now I see, but now I see

Like you leave
And now I see, I see it complete
And now I see, like a leaf
Catching on me tonight
That's the way it should be

Know 'til now
As we, know 'til now
You know I see
I didn't know 'til now
How could I have known
I didn't know 'til now
How could I have known
But now I see, but now I see
