

You Get to Rome

Jim James

Can't get to work, can't get to sleep
You've got to move your dancing feet
You've got to roam
All over the world
I've made mistakes and so have you
Lived in deceit, in light of truth
You've got to roam
All over the world

You get to Rome
You get to Rome
You get to Rome
You get to Rome
You get to Rome
You get to Rome

The Vatican or ancient Greece
Roam down the Nile, the seven seas
You've got to roam
All over the world
Went out far west but not quite east
We find ourselves somewhere in between
We need to roam
All over the world

We get to Rome
We get to Rome
We get to Rome
We get to Rome
We get to Rome
We get to Rome
