

FaceTime

Jim Jones

You said I don't ever make time
You say I don't make time
(You hear that right there? Diny made that, haha-haha)
Oh, no, no-no

How I, I do the pussy, yeah, I spoil you
That's why you always pick up when I call you
You know you not going nowhere
It don't even have to be like that, I swear

You said I don't ever make time (I don't ever make time)
Fuck with you at night time, don't fuck with you in daytime (Oh, no)
You just wanna call my phone (Call my phone)
'Cause you think I'm with some hoes and I never wanna FaceTime
(Never wanna FaceTime)
I can be the one that you call (Oh, woah)
Every time you goin' through it all, every time that you fall (Fall)
I can be the one that you call (The one that you call)
When you going broke and you see a nigga ballin' and you just wanna roll-
roll (Roll)

I hit your line when I need you
Girl, I'm just tryna please you, do the things that we do
I ain't tryna seed you, just tryna eat you
And when they say your name, I just peek through (Peek through)
Yeah, yeah, 'cause you said, you said I'm the only one you fuckin'
(That's what you said)
Yeah, 'cause you said, you said I'm the only one you trust

You said I don't ever make time (I don't ever make time)
Fuck with you at night time, don't fuck with you in daytime (Oh, no)
You just wanna call my phone (Call my phone)
'Cause you think I'm with some hoes and I never wanna FaceTime
(Never wanna FaceTime)
I can be the one that you call (Oh, woah, yeah, hey)
Every time you goin' through it all, every time that you fall (Fall, what?)
I can be the one that you call (The one that you call, uh-uh)
When you going broke and you see a nigga ballin' and you just wanna roll-
roll
(Uh, uh, Capo, roll)

She be mad when I don't pick up on the FaceTime (What?)
She can turn the X and O into a hate crime (Chill)
'Til I start slam-
duckin' on that pussy from the baseline (Oh, you like that?)
Now I gotta gas like somebody cut the brake lines (Silly)
There's always somethin' that she naggin' me for (What you want now?)
Just last week it was the bag from Dior (Uh-huh)
Or was it Chanel? I can't tell if I bagged her before (Be honest)
Now I got her jumpin' on flights with no baggage aboard (Uh)
Who the fuck need clothes? We skinny-dippin' in new jacuzzies (Wet)
Like the water on my Eagle and the piece that got the Uzi's (Wet)
I'm not one of these niggas, please do not confuse me (Uh-uh)
All these thots tryna fuck, y'all do not amuse me (Grrt)

You said I don't ever make time (I don't ever make time)
Fuck with you at night time, don't fuck with you in daytime (Oh, no)

You just wanna call my phone (Call my phone)
'Cause you think I'm with some hoes and I never wanna FaceTime
(Never wanna FaceTime)
I can be the one that you call (Oh, woah)
Every time you goin' through it all, every time that you fall (Fall)
