

# Nothing Lasts

Jim Jones

But I-I could always hear a voice in the back of my head  
No matter what type of wrong I was doin'  
(Heatmakerz)  
(Crack Music)  
Funny, right?  
That's how life goes sometimes  
Set

So as the star shine down on us (Real bright)  
New Rollie, is it time wind down on us  
Hit the club, skip line with the pound on us  
You can hear the shots flyin' from around the corner  
Preacher said we should count every minute (Pray)  
Microwave, I cook up an ounce in a minute (What you need?)  
I was way more into money than I was into fame (Facts)  
I was prayin' for the summers when the winter came (July shit)  
Lord knows it be somethin' 'bout the warm weather  
I just lost 4k on a foreign better (Set back)  
I was playin' two games like a doubleheader (Woo)  
Jewish lawyers to retain in case they come and get us (Huh)  
I put up numbers in the spellin' bee (Shoot)  
Where I'm from, everyone was tryna sell a ki (Harlem)  
I was one wrong move from a felony  
I could hear mama now, what she was tellin' me

Let's ride the highs and lows, see where this thing goes  
Will it bring us back together?  
It always makes me sad, so I try hard to forget  
Nothing's gonna last forever

It's just different  
No more niggas like us, cloth discontinued  
No more servin' that, had to switch the menu  
No more in and out of jail, just a bitch or venues  
No time for a square unless I Richie M you, uh  
One-fifty on the wrist, not the time though  
Cover it in ice, where the time go?  
They be comin' after me all the time, yo  
Yeah, I'm the tequila, not the lime, hoe  
I'm paid in full and I'm booked  
When I'm back, I'ma show you how the Cullinan look  
Nothin' lasts forever, heard bull on the hook  
Still goin' cray on 'em like a colorin' book  
Yeah, forever flow, can't kill me, they tried it  
I came with the fire, never Billy and Ja'd it  
They stealin' drip, hear my story be weak  
Yo, I swear I hate you little niggas more than Tariq

Let's ride the highs and lows, see where this thing goes  
Will it bring us back together?  
It always makes me sad, so I try hard to forget  
Nothing's gonna last forever

"If you just say no, what are you gonna say yes to?  
We say yes to education  
We say yes to dedication  
We climb up to a highest nation

And use their motivation to make a positive impact on our nation"
