And it's you who she longs for

D

It's you she will choose.

Adios compadre, what must be must be
Remember to name one muchacho for me
I ride to the Rio,
Where my life I will spend,
Adios amigo, adios my friend.

Adios compadre, let us shed no tears
May all your mañanas
Bring joy through the years
Away from these memories,
My life I must spend
Adios amigo, adios my friend.
