

Could I Be Falling In Love

Jim Reeves

I feel very strange
There's evidence of
A radical change.
Could I be falling in love?

I see three or four
New moons high above.
Or is it just your
Intoxicating love?

My heart's a flaming fire
The moment you appear (moment you appear)
I have just one desire
To have and hold you near (to hold you near).

I've tried to resist
The strange mystery of
The need for your kiss.
Could I be falling in love?

I have just one desire
To have and hold you near.

I've tried to resist
The strange mystery of
This need for your kiss.
Could I be falling in love?
Could I be falling in love?
Could I be falling in love?..
