I Know One

Jim Reeves

When all your loves have ended When all your friends have flown Who'll be around to want you When all your loves have gone.

Only a fool would do it
After the way you've done
And how many fools would have you
I know one.

This fool keeps wondering why He fell in love at all But you might need this fool Around in case you fall.

After the party's over
And you've had your fill of fun
If you need a fool to forgive you
I know one.

You never know you might be lonely When all your loves have missed It wouldn't hurt to keep An extra fool on your list.

After your heart's been broken
And you need a place to run
If you'll take a fool who loves you
I know one. (yes)

I know one. (umm hum)
I know one...
