In the Misty Moonlight

In the misty moonlight By the flickering firelight Any place is all right Long as I'm with you (long as I'm with you)

In a faraway land On the tropic sea-sand If your hand's in my hand I won't be blue

Way up on the mountain, Way down in the valley I know I'll be happy Anyplace, anywhere I don't care

In the misty moonlight By the flickering firelight Any place is all right Long as you are there

I could be happy in one little room With only a table and a chair As happy as I'd be in a kingdom by the sea Darling, if you were there And I could be rich or I could be poor But if you were by my side I could be anyplace in this whole wide world And I know I'd be satisfied

Way up on the mountain, Way down in the valley I know I'll be happy Anyplace, anywhere I don't care

In the misty moonlight By the flickering firelight Any place is all right Long as you are there...
