Pickin' A Chicken

Jim Reeves

Come to the barbeque and sit by my side We couldn't chose a better night if we tried Can't you imagine what a thrill it will be Pickin' a chicken with me.

It's so romantic the moon up above Is such a fright on a night such as this Pullin' a wish bone with someone you love Is almost certain to end with a kiss.

So come to the barbeque my darlin', my dear I'm so in love with you and when you are near I get a feelin' that forever you'll be Pickin' a chicken with me.

Pickin' a chicken with me Pickin' a chicken with me...
