

Tom Cat

Jim Sullivan

I'm a hoot owl
I like my night prowl
I go out when the sun go down everyday

I got a tom cat
He sang a C-flat
Yeah we both go out when the sun go down everyday
And we'll both agree that it's the nicest part of the day

I'll bet you want to
Do what we all do
Yeah me and my all-red tom cat, what I'm gonna say to you

He says meow-ow
He says meow-ow
That means "Hey hey baby, would you like to play with me?"
And we'll both agree that it's the nicest part of the day

He says meow-ow
He says meow-ow
That means "Hey hey oh baby, oh would you like to play with me?"
"

And at daybreak
We hit the back gate
Yeah we're both really cool and slow every step of the way
Oh we'll both agree it's the nicest part of the day
And we'll both agree it's the nicest part of the day, with the
sun coming up
Oh and we'll both agree it's the nicest part of the day
