What should I say?  
How will I deliver it?  
I'm just clumsy  
I know it's obvious  
So that it's not taken lightly  
Let me tell you properly

I say uh-oh, I hope you're happier  
You-ooh-ooh-ooh-ooh-ooh who used to reach out to me when I fell  
I say uh-oh, I'll hold you now (I'll hold you)  
So that you won't fall down when you want to cry

Will you still be the same even if some time has passed?  
Like the first time we met, hmm-mmm  
If we were together, even the desert could turn to a sea  
Just the way we were then, oh-hoo-ooh

I say uh-oh, I hope we last forever  
You-ooh-ooh-ooh-  
ooh that felt like a warm spring day to me in the cold winter  
I say uh-oh, I'll always cherish them  
The fun moments between you and me

Baby, don't leave, just stay with me, yeah  
To you who saw me greater than my little self (to you)  
So that I can only deliver as much as I received (Uh-oh)  
So that I can keep my word (Uh-oh)  
Don't worry, just stay by your side, yeah  
Because I don't know what days awaits us (Yeah)  
I'm scared even though it looks like it (Uh-oh)  
Don't forget to always say "together" (don't forget)

I know it's obvious  
So that it's not taken lightly  
Let me tell you this properly
