Don't wanna rush
No, let's take it slow, yeah
Mhmm, love, let me get to know ya
Fallin' for you at the speed of light
Wait up, give it time

Baby, it's you and me
Got something so real
Oh my, oh my
Movin' closer through the night
Feel like we could touch the sky

These couple hours, couple hours
All we got
So take my hand
Because we can't get enough
What ya say?
What ya say, baby?
Come on, come on, come on, come on

Slow dance (Slow dance)
Got me cancelin' my plans (My plans)

Oh, give into the tempo of our favorite song
Don't let go, keep movin' along

Slow dance
We're caught up in a romance (Romance)
Oh, give into the tempo of our favorite song
In this moment's where we belong

Baby, we could slow dance
Got me cancelin' my plans
Oh, give into the tempo of our favorite song
Don't let go, keep movin' along

Slow dance
We're caught up in a romance
Oh, give into the tempo of our favorite song
In this moment's where we belong
