

## wouldn't feel like summer

Jimmie Allen

It's not like it wouldn't get hot as hell  
It's not like the ice in the drinks won't melt  
It not like cutoffs and bikini tops  
Wouldn't be a thing

It ain't like they'd board up the beach town bars  
Or put up the tops up on all the drop top cars  
It ain't like there wouldn't be  
Sunshine blue skies, but honestly

If you weren't ridin' sittin' shotty with me yeah  
Hand out the window rollin' ridin' the breeze yeah  
Well it could be 'bout a hundred degrees  
Oh no baby, but it wouldn't feel like summer  
If I couldn't get a gimme a kiss  
From your all night cherry lime daiquiri lips yeah  
Even if it was July the 5th  
Oh no baby, it wouldn't feel like summer  
It wouldn't feel like summer

Still be on the beach all day long  
Still be playin' them feel good songs  
On the radio but don't ya know  
Without you it wouldn't feel the same

Cause if you weren't signing along to em  
Gettin' the words all kinda wrong to em  
Stealin' my heart and my hat flippin' it backwards  
Yeah, none of it would matter

If you weren't ridin' sittin' shotty with me yeah  
Hand out the window rollin' ridin' the breeze yeah  
Well it could be 'bout a hundred degrees  
Oh no baby, but it wouldn't feel like summer  
If I couldn't get a gimme a kiss  
From your all night cherry lime daiquiri lips yeah  
Even if it was July the 5th  
Oh no baby, it wouldn't feel like summer

If you weren't ridin' sittin' shotty with me yeah  
Hand out the window rollin' ridin' the breeze yeah  
Well it could be 'bout a hundred degrees  
Oh no baby, but it wouldn't feel like summer  
If I couldn't get a gimme a kiss  
From your all night cherry lime daiquiri lips yeah  
Even if it was July the 5th  
Oh no baby, it wouldn't feel like summer  
It wouldn't feel like summer

It could be sunshine, it could be blue sky  
It could be July, it could be cheap shades  
It could be coppertone, wouldn't matter though  
It wouldn't feel like summer

It could be cherry lime, it could be Malibu  
It wouldn't feel like summer  
It could be tan lines, baby but without you

It wouldn't feel like summer
