

Blue Shadows

Jimmie Dale Gilmore

Blue Shadows
Devil moon over head
Blue Shadows
On a half-empty bed
Broken promises, loving words left unsaid
I remember them all
As Blue Shadows fall.

Is twilight more lonely than any other time?
It sure feels that way to me tonight.
The sound of your laughter
The joy of your smile
The sky on the day we met
I remember them all
As Blue Shadows fall.

Blue Shadows
Devil moon over head
Blue Shadows
On a half-empty bed
Broken promises, loving words left unsaid
I remember them all
As Blue Shadows fall.

Has sunset forever been like the end of time?
It sure seems that way to me tonight.
The misunderstandings,
The letters unsent,
The echoes of every goodbye
I remember them all
As Blue Shadows fall.

Blue Shadows
Devil moon over head
Blue Shadows
On a half-empty bed
Broken promises, loving words left unsaid
I remember them all
As Blue Shadows fall.
