

Everybody Does It in Hawaii

Jimmie Rodgers

Now talk about Hawaii I didn't know it was so grand
I pick me out a hula hula girl before my boat could land
Everybody does it in Hawaii
Now she's got it here and she's got it there
Her lips are red her little ole feet are bare
She shy on close but I don't care cause everybody does it
in Hawaii

Now when I leave Hawaii when I leave ole Waikiki
I'm goin' to take my hula hula girl and bring her back
with me
Cause everybody does it in Hawaii
She's got two pretty legs with dimple knees
Two brown arms and they know how to squeeze
A perfect form and I'm hard to pelase but everybody does
it in Hawaii
