

In the Hills of Tennessee

Jimmie Rodgers

You were right, I was wrong, guess you knew it right along
Sycamore tree, sycamore tree
Tell the folks; tell the shack, that my heart is dragging me back
Sycamore tree, tell 'em for me

I know I'm goin' to find my Paradise Lost in the hills of Tennessee
I know I'm goin' to find my Seventh Heaven; it's just a cabin,
my Seventh Heaven
There's a little angel waitin' down there with a little pray'r
for me
And the sun shines bright in my lonely heart tonight

I know I'm goin' to find my Paradise Lost in the hills of Tennessee

In the hills of Tennessee

I know I'm goin' to find my Paradise Lost in the hills of Tennessee
I know I'm goin' to find my Seventh Heaven; it's just a cabin,
my Seventh Heaven
There's a little angel waitin' down there with a little pray'r
for me
And the sun shines bright in my lonely heart tonight
I know I'm goin' to find my Paradise Lost in the hills of Tennessee
