

## Because You Wanted It

Jimmy Barnes

I heard a rumour yesterday  
I don't believe a word they say  
All that I can do is pray  
You're not wanting it this way

I try my best to stay alive  
I'm alone most of the time  
Got to try and make you stay  
Because I wanted it this way

I put my heart into your hand  
But you don't seem to understand  
You can still push me away  
Because you wanted it this way

I heard a rumour yesterday  
I don't believe a word they say  
All that I can do is pray  
You're not wanting it this way
