

Damned If I Do, Damned If I Don't

Jimmy Barnes

I don't have a lot to offer you
Got nothing left at all
Every time that I rolled that dice
No lucky numbers fall
Now I've lost all that I started with
The next I might be broke
Damned if I do, damned if I don't

I'm damned cause you hold all the cards
There's nothing up my sleeve
I'm damned each time I lay them down
It feels like I can't breathe
I'm damned if I don't call your bluff
There ain't the time to fold
I'm damned if I do, damned if I don't

I saw us as a perfect pair
Two diamonds with two hearts
But someone just bought in the game
And tore our hands apart
It looks like I'll be folding
And leaving here alone
Damned if I do, damned if I don't

I'm damned cause you hold all the cards
There's nothing up my sleeve
I'm damned each time I lay them down
It feels like I can't breathe
I'm damned if I don't call your bluff
This ain't the time to fold
I'm damned if I do, damned if I don't
