

# Goodbye Astrid, Goodbye

Jimmy Barnes

Open up the door, Astrid  
I'm comin' down the stairs  
And I ain't gonna listen  
To no more pissin' around  
I've had seven long years of give a little, take a little  
Stack a little money away  
And you better believe it  
I'll take this love to town

Turn on the tears, Astrid  
And don't forget to let the neighbors see  
What a low down deal you got  
When you married me  
You can drown your days in Valium and brandy  
Talkin' to the cat and the dog  
And you can shove your cheap French vogue society  
Into the bin, you know

Goodbye, goodbye  
Goodbye, goodbye  
Goodbye, my baby  
I won't be comin' back for long  
Goodbye, goodbye  
Goodbye, goodbye  
Goodbye, my baby  
I won't be comin' back to you

I said, open up the door, Astrid  
And don't you try to get in my way  
I'm heading for a long, long, long, long,  
Long, long, long, long night to a better day  
And don't you bother offerin' to drive me to the station  
Only drive me round the bend  
We're comin' to the end, ain't nothin' left to say  
Except this baby

Goodbye, goodbye  
Goodbye, goodbye  
Yeah, goodbye, my baby  
I won't be comin' back for long  
Goodbye, my baby, goodbye, my baby  
Goodbye, my baby, goodbye, my baby  
Goodbye, my baby  
I won't be comin' back for long  
Goodbye, my baby, goodbye, my baby  
Goodbye, my baby, goodbye, my baby  
Goodbye, my baby  
Goodbye, my baby  
Goodbye, my baby, goodbye, my baby  
Goodbye, my baby, goodbye, my baby  
Goodbye, my baby  
I won't be comin' back for long

Goodbye, goodbye  
Goodbye, goodbye  
Goodbye, my baby  
I won't be comin' back for long

Goodbye, goodbye  
Goodbye, goodbye  
Goodbye, my baby  
I won't be comin' back home

Goodbye, goodbye  
Goodbye, goodbye  
Goodbye, my baby  
I won't be comin' back to you  
Goodbye, goodbye  
Goodbye, goodbye  
Goodbye, my baby  
I won't be back for  
I'm not comin' home, mamma  
Ever, ever  
Yeah, yeah, yeah, yeah, yeah
