

If Santa Forgets

Jimmy Barnes

Santa comes down the chimney
Bringing his gifts for all
You don't see him come at night
So I don't know
What to give my dad if Santa forgets to call

Baby you can hold me tight
You can hold me tight
Share my life both day and night my love

I've been so good this evening
It's not so hard at all
But I just don't feel quite right
'Cause I don't know
What to give my dad if Santa forgets to call

You can hold me tight
Hold me tight
You're everything I'm hoping for
Share my life both day and night
Hold me tight
Hold me tight
Share my life both day and night my love

Christmas is fun and everybody's happy
Toys and love and I'm gonna have a ball
I hope Rudolph sees my light
Because I don't know
What to give my dad if Santa forgets to call

You can hold me tight
You can hold me tight
You're everything I'm hoping for
Share my life both day and night

Hold me tight
Hold me tight
You're everything I'm hoping for
Share my life both day and night

Hold me tight
Hold me tight
You're everything I'm hoping for
Share my life both day and night my love
Oooh

Share my life both day and night my love...
