

# Island

Jimmy Buffett

Island, I see you in the distance  
I feel that your existence is not unlike my own  
Island, they say no man is like you  
They say you stand alone, sometimes I feel that way too

It's the need for love  
Heart and soul accompaniment  
Seems to make me different from you

Well, I tried to book passage  
But you have no ports  
And I tried to sail in, but your wind and waters  
Tore my sails and broke all my oars

Island, I see you in the moonlight  
Silhouettes of ships in the night just make me want that much more  
Island, I see you in all of my dreams  
Maybe someday I'll have the means to reach your distant shores

When the need for love  
Heart and soul accompaniment  
No longer makes me different from you

Well, I tried to build bridges  
But they all fell down  
And I've taken to the air on wings of silver  
But I always hit the ground

Well I tried to book passage  
But you have no ports  
And I tried to sail in, but your wind and waters  
Tore my sails and broke all my oars

Island, I see you in the moonlight  
Silhouettes of ships in the night just make me want that much more
