

# Vampires, Mummies And The Holy Ghost

Jimmy Buffett

"Oh, rock 'n' roll is a scary business  
No hit records, no MTV videos  
You'll never make it here - scary  
Not!  
Let's do it, Coral Reefers

Looked in my laptop, what did I see?  
A flashin' message says "Today, therapy"  
Rather walk through fire than converse with my shrink  
But I'm getting better, that's what some people think

Talk about denial and dysfunctional things  
Head's like a bell some days, it dongs and it dings  
My brain plays tricks on me, it likes to shift gears  
Spend lots of money, but I'm tacklin' my fears

Vampires, mummies and the Holy Ghost  
These are the things that terrify me the most  
No aliens, psychopaths or MTV hosts  
Scare me like vampires, mummies and the Holy Ghost

Had a dream last night, took a time-travelin' ride  
Back to my childhood where those monsters reside  
They snack on innocence and dine on self-esteem  
But I like to be in touch with what makes me scream

Vampires, mummies and the Holy Ghost  
These are the things that terrify me the most  
No aliens, psychopaths or MTV host  
Scares me like vampires, mummies and the Holy Ghost

I was never ever frightened  
By the murderer on our block  
He nurtured orchids and raised hamsters  
The neighborhood is still in shock

La la la la, la la la la  
La la la la, la la la la la la  
La la la la, la la la la  
La la la la, la la la la la la

So many dragons lurking out in the fog  
So many crazy people mumblin' monologues  
It's not the tales of Stephen King that I've read  
I need protection from the things in my head

Like vampires, mummies and the Holy Ghost  
These are the things that terrify me the most  
No aliens, psychopaths or MTV host  
Scares me like vampires, mummies and the Holy Ghost

Vampires, mummies and the Holy Ghost  
These are the things that terrify me the most  
No aliens, psychopaths or MTV host  
Scares me like vampires, mummies and the Holy Ghost

"Oh-hoo-ooh-ooh, it's scary out here in the world of rock 'n' roll

Oh-ooh-ooh, ha ha ha ha ha ha ha ha ha ha  
Scared you, didn't I?  
Ha ha ha
