Another Sleepless Night

Jimmy Clanton

Another sleepless night
I sit alone and cry
Twilight time til dawn
Memories linger on
Since we said goodbye

Throughout that sleepless night
No matter what I do
You're always my mind
And though you're gone, I find
I'm still in love with you

Shadows fall and I recall
The love you once had for me
This, you sow when lights are low
I think of things that used to be

You're always in my heart
Although you're out of sight
Lonely teardrops burn
As I toss and turn
Another sleepless night

You're always in my heart
Although you're out of sight
Lonely teardrops burn
As I toss and turn
Another sleepless night
