If The Whole World Stopped Lovin'

Jimmy Dean

If the whole world stopped lovin' the way you stopped lovin' me Have you ever stopped to wonder what kind of place this would b e If the whole world stopped lovin' the way you stopped lovin' me If every heart was broken the way that you broke my own And the whole world stopped lovin' how long would livin' go on Hear the church bells in the steeple as they ring their song th rough the air If the whole world stopped lovin' there'd be no steeple bell th ere The tears would fill the river till the river's flooded the sea If the whole world stopped lovin' the way you stopped lovin' me If the whole world stopped lovin' the way you stopped lovin' me
