

There Stand The Glass

Jimmy Dean

There stands the glass
F C
That will ease all my pain
F C
That will settle my brain
G7 C
It's my first one today

There stands the glass
F C
That will hide all my tears
F C
That will drown all my fears
G7 C
Brother I'm on my way

F
I'm wondering where you are tonight

I'm wondering if you all right
D7
I wonder if you think of me
G7
In my mis-e-ry

C
There stands the glass
F C
Fill it up to the brim
F C
Till my troubles grow dim
G7 C
It's my first one today
