

You Only Think Of Me (When You're Lonely)

Jimmy Dean

You only think of me when you're lonely after all the laughter'
s been and gone
When streets are filled with neon shadows only I'm a shoulder y
ou come crying on
Each time I take you back I know again you'll hurt me so
Still this heart of mine just lets you come and go
You only think of me when you're lonely but I'm lonely thinkin'
bout you all the time
Each time I take you back I know again you'll hurt me so
Still this heart of mine just lets you come and go why I don't
know
You only think of me when you're lonely but I'm lonely thinkin'
bout you all the time
