

Congratulations

Jimmy Eat World

There's no clarity in front me
Only degrees of hated
Obscenity
There's no charity
Some don't deserve to make it
You'll blame and fight each other
For just a slice of plunder
Too down and tired to wonder
Whose foot you're crawling under

Ohh...

You're on your own

You're on your own

Read carefully
Can't possibly
A threat to future earnings
Suspiciously through editing
The facts are disappearing
With discipline and message
You'll take awkward possession
Of nothing you really wanted
Welcome, congratulations

You're on your own

You're on your own

There's no clarity in front me
Only degrees of hated
Obscenity
There's no charity
Some don't deserve to make it
You'll blame and fight each other
For just a slice of plunder
Too down and tired to wonder
Whose foot you're crawling under

Ohh...
