

## Roller Queen

Jimmy Eat World

I blame it on my entrance.  
It may have seemed to much like confidence.  
Let me start it over.  
Help me get to what I can from when I did.  
Had to leave my reasons.  
It may have seemed to much, the consequence.  
In your busy, dizzy life you'll become everything you said you  
would.  
All that I know is how I can hold on but all that you see is ho  
w I let you go.  
How about once around?
