

# Shame

Jimmy Eat World

Is it dark yet outside?  
I'm through hiding tonight  
Take from the rest, your debt erased  
Sleep with my curse and feel no shame  
No shame

It might take you all night  
But you'll love me with time  
Take from the rest, your debt erased  
Sleep with my curse and feel no shame  
No shame

Take from the rest, your debt erased  
Sleep with my curse and feel no shame  
No shame

Is it dark yet outside?  
I'm through hiding tonight  
Take from the rest your debt erased  
Sleep with my curse and feel no shame  
No shame

Take from the rest your debt erased  
Sleep with my curse and feel no shame  
No shame
