

3 Dots

Jimmy Fallon

Woah-woah-woah, woah-woah
This one goes out to anyone who's ever been left waitin'
Woah-woah-woah, woah-woah, woah
We feel you, woah
Woah-woah-woah, woah-woah

I just found the funniest meme with the most adorable dog that
I've ever seen
So I text it to my friends, sayin', "O-M-G, literally me R-
N," then send
Now they're typin' somethin' back, still typin' somethin' back
I just wanna know what you thought, but all you said was three
dots

So I update my laptop (Text still three dots)
Watch a couple TikToks (Text still three dots)
Play hopscotch with street chalk (Text still three dots)
Stitch a cozy for my teapot (Text still three dots)

My girl been writin' back so long that I been wiggin' out
Like fifteen minutes, man, I wonder what she writin' 'bout
Gotta know what the text is gonna be
It's like little bubbles makin' fun of me
Baby, hit "send" quickly
'Cause I can't take these ellipses
Every text from you gets me so hot
Now all I got is three dots

So I practice my jump shot (Text still three dots)
Dance to the beat drop (Text still three dots)
Make a plan to win an EGOT (Text still three dots)
Watch The Office on Peacock! (Text still three dots)

I appreciate takin' your time to respond
But while you've been textin', we wrote a whole song
About waitin' and waitin', it's almost too much
You could at least give my last text a thumbs-up

But the text on three dots
Gray and bouncy, three dots
'Bout to yell it from the treetops
'Cause the text on three dots

Oh, ah
Yeah, okay, yeah
Nice
Text still three dots
