

Hey Rudy

Jimmy Fallon

Hey, Rudy!

Keep on lighting up the night with your red nose

Hey Rudy, can you hear me now? Tell Santa not to slow you down

I can't sleep 'cause I swear I saw you fly by my window

Hey, Rudy, can you hear me now? Tell Santa not to slow you down

Yo, it was December 24th at 30 Rock after dark

I had seen somebody tryna put his sled in the park

So I approached him very slowly, I was nervous and scared

I really wasn't aware that I was been reindeer'd

I said, "Ayo, Rudy, it's that part of the movie

You the navigator truly, so time to sock it to me

Your nose is like a ruby, let's seize the opportunity, fly!

And where we go is up to you to decide"

Gotta make it through the night shift

Try to figure out where I fit

On the naughty or the nice list

Hey, Rudy!

Keep on lighting up the night with your red nose

Hey Rudy, can you hear me now? Tell Santa not to slow you down

I can't sleep 'cause I swear I saw you fly by my window

Hey Rudy, can you hear me now? Tell Santa not to slow you down

We were singing, "Fa-la-la-la-la"

Now I'm wearing my pajama-mas

Trying to fall asleep but nah-nah-nah

Ain't nothing like Christmas Eve

Gotta make it through the night shift

Try to figure out where I fit

On the naughty or the nice list
