

# Jailhouse Rock

Jimmy Fallon

The warden threw a party in the county jail  
Everyone in my administration started to wail  
Indictments handed down to the whole west wing  
You should've heard my lawyer Michael Cohen sing

Let's rock  
Everybody let's rock  
Everybody with a white house job  
Was dancin' to the jailhouse rock

Robert Mueller said the Russians fixed my votes  
Manafort was caught lying under oath  
Rick Gates, Sam Patten, Michael Flynn  
And don't forget George Papadapolous

Let's rock  
Everybody let's rock  
Everybody with a white house job  
Was dancin' to the jailhouse rock

Manafort spoke to Julian Assange  
Elvis' hair is black and mine's orange  
I'm all shook up, the walls are closing in  
I'm a hunk of burning love for Vladdy Putin

Let's rock  
Everybody let's rock  
Everybody with a white house job  
Was dancin' to the jailhouse rock

Everybody's...  
In the jail house...  
With me...

Fake news!
