

Breathless

Jimmy Page

Now, if you have love me,
let's please don't tease,
If I can hold you then
I let me squeeze
My heart goes round and round
My love comes tumblin down

You I leave me
Ah...
Breathless
Oh, I shake all over and
You know why
I'm sure it's love and
that's no lie

A cause when you call my name
You now I burn like wood inflamed
You I leave me
Ah...
Breathless
Oh... baby
Oh... crazy
You're much too much

I can't love you enough
Now it's all right to hold me tight
but when you love me

and love me right
Now come on baby
Don't be shy

cause love was meant for you and I
A wind, a rain, sleet or snow
I will be wherever you go
You I leave me
Ah...
Breathless

Oh... baby
Oh... it's crazy
You're much too much
I can't love you enough
Now it's all right to hold me tight
but when you love me
and love me right
Now come on baby
Don't be shy
cause love was meant for you and I
A wind, a rain, sleet or snow
I will be wherever you go
You I leave me
Ah...
Breathless
