

## Burn Up

Jimmy Page

My mind is cracked, I stand alone  
And my way is dark as night  
Back on the hill, the wind it moans  
And big black clouds fly by  
The rain fell down, it drowned my heart  
It raged inside my soul  
The pain that tore the skies apart  
The twisted night unfolds  
Oh, I'm burning up  
Oh, I'm burning up  
Ooh, I'm burning up  
Oh  
This lovely road that I must walk  
All these tears that burn my eyes  
In emptiness, my torment roars  
In my silent loveless life  
Oh, I'm burning up  
Ah, I'm burning up  
  
Ah, I'm burning up  
Oh  
Oh, can you hear me?  
Hear me calling across a thousand years  
Oh, would you love me  
If I die die a thousand times?  
(Like a volcano) oh, I'm burning up  
(Like a volcano) I'm burning up  
(Like a volcano) I'm burning up  
(Like a volcano) Yeah, I'm burning up  
(Like a volcano)  
(Like a volcano) oh oh oh, no yeah  
(Like a volcano) no yeah awww  
(Like a volcano)  
(Like a volcano) burn burn burn burn burn  
(Like a volcano) burn burn burn, ohhh
