

Heart

Jimmy Ruffin

Oooh-oooh-oooh

H is for the heart that I gave to you

E is for ever, ever true

A is for always, always I think of you

I think of you, that's all I ever do

R is for remember all those dreams we've shared

T is for the time, times I've cared

All of this spells heart, the heart I gave to you

Oooh-oooh darling, you know that I love you

And I, I guess I, always will

The times I've, I've held you close to me

You said that your heart will always be mine

Oooh-oh baby

If you will be true, I'll never make you blue

'Cause I'll always be standing right

Right here beside you

If you will keep the heart, the heart I gave to you

Ooh-oh-oh keep the heart I gave to you

And I promise baby, I will never make you blue

Never be untrue, 'cause my love, I love on you

Please, please, keep my heart

Oooh-oooh-oooh
