

That's You Girl

Jimmy Ruffin

Ooh
That's you, girl (You, girl)
Whoo
I know that's you, girl (You, girl)
Listen

That's you, darlin'
Standing there
You still haven't changed
You look the same
So young
Refreshing and shy
That's the reason you caught my eye

I said, ooh
That's you, girl
(You, girl)
I said, oh (Oh, oh, oh)
I know that's you, girl (That's you, girl)
(You, girl)

My, it's so nice
To see you again
It's like a page from a past
Like a breath of spring
Seems like yesterday
That you went away
But since that day you left
No one's compared with you yet

I said, oh
Oh, I'm so glad to see you, darlin' (So glad to see you)
Oh, yes I am (Yeah, yeah)
Oh

Mmmhmm
Oh
I remember so well
Your little bow legs
I could tell you're coming
Ooh, I see you coming from a block away
As you get closer
You give a smile
And then your lips would touch me
And oh, I tingle inside
I won't hold you long, darling
'Cause I know you've got to go
Any place I see you
I'm gonna walk right up to you
And I'm gonna say

Oh (Ooh, ooh)
Oh, baby
Ooh, that's you, girl
(Yeah, yeah)
Oh, baby
I gotta say

Oh (Ooh, ooh)
Oh, oh
I know that's you, girl
Oh, yes (Yeah, yeah)
Ooh
See you comin' (Oh, oh, oh, oh)
Oh, with your pretty smile
(So glad to see you)
I remember how it made me
(That's you, girl)
Made me tingle inside
