

Come Lately

Jimmy Somerville

I've never felt such a need in me
Such a need as his, with hungry arms
I gather all the worth he gives
It feels so good, you invert me
It delights me, you're so subversive
So sublime, so sacrosanct

Come lately, I can't get by without your love
Come lately, I can't get by without your love

I could not help of falling for such a charming man
I realized something rare when I found you
That's why I try to do the best at what I can
You make me happy, don't want to lose you
I've got to keep you on my side

Come lately, I can't get by without your love
Come lately, I can't get by without your love

What could I do, what could I do, what could I do without you?
What could I do, what could I do, oh, what could I do without you?
What could I do, what could I do, what could I do without you?
What could I do, what could I do, what could I do? Yeah, yeah, yeah

Come lately, I can't get by without your love
Come lately, I can't get by without your love

Come lately, I can't get by without your love
Come lately, I can't get by without your love

Come lately, I can't get by without your love
Come lately, I can't get by without your love
Come lately
