

Taken Away

Jimmy Somerville

Feel this heart
Feel this home
Feel this love
It's gone
Seems a time, seems an age,
Since our love was the rage
It was then that I felt so alive
Once a passion filled your eyes,
Left me speechless, satisfied
Now tonight all we have is this darkening sky
Feel this heart
Feel this home
Feel this love
It's gone
When the heart turns to stone and desire has gone
It's the air of despair that makes me feel
With love on it's knees
Keep your words and dignity please
Bring an end to this lie we both despise
Remember when you go
It was good when I loved you
Yes I did
Feel this heart
Feel this home
Feel this love
It's gone
Remember when you go
It was good when I loved you
Yes I did
