

## The Core

Jimmy Somerville

Tell me like you mean it  
Tell me, tell me now  
Show me how you feel it  
Show me, show me how  
Tell me like you mean it  
Tell me, tell me now  
Show me how you feel it  
Show me, show me how  
Take me to the center  
Take me to the core  
This heart will surrender  
This love evermore  
Take me to the center  
Take me to the core  
This heart will surrender  
This love evermore  
It's a feeling like no other  
It's a sound from way beyond  
Feel it trickle so caressing  
Let it cut you  
Take the bow  
It's a feeling like no other  
It's a sound from way beyond  
Feel it trickle so caressing  
Let it cut you  
Let it cut you  
Let it cut you...  
Don't stop  
Just feel a bit
