All The Time In The World

Jimmy Wayne

Sat outside in the parking lot
All night long 'til the sun came up
Outside the diner where you used to work
Waiting for you to walk out, but you never did
No, you never did

I turned on the radio
Preacher man preaching about lettin' go
He said time can heal the broken soul
But I swear I don't kjnow if it ever will
If it ever will

God knows how hard I've tried
But I'm still holdin' on even though you're gone

So let the days turn to nights
Let the earth spin, let the years roll by
But I'll still be lovin' you
Let this road lead me on 'til the hurt is gone

But I won't forget you girl, even if I had
All the time in the world

I took a walk out in the rain
To clear my head and get some space
But in every drop I saw your face
You seem to follow me everywhere I go

Everywhere I go
Could be a thousand miles away
But there's no distance long enough
'Cause nothing's gonna change

So let the days turn to nights
Let the earth spin, let the years roll by
But I'll still be lovin' you
Let this road lead me on 'til the hurt is gone

But I won't forget you girl, even if I had
All the time in the world

All the time in the world
So let the days turn to nights
Let the earth spin, let the years roll by
But I'll still be lovin' you

So let the days turn to nights
Let the earth spin, let the years roll by
But I'll still be lovin' you
Let this road lead me on 'til the hurt is gone

But I won't forget you girl, even if I had
All the time in the world
