

# There's A Memory

Jimmy Wayne

You don't have to say it baby  
I can tell that you're lookin'  
Lookin' for something good to happen  
Just to get your world movin' again

If you knew what I was thinkin'  
You'd see it's all about to turn around  
That old truck's got plenty of gasoline  
Go grab a few things that you might need, 'cause

Out there somewhere's a memory  
Waiting on you and me  
Some kinda wild and free, crazy moment  
That we'll neer forget, I swear

Girl, it's been a long time comin'  
Climb on in, got the engine runnin'  
Baby, way out there, somewhere there's a memory  
There's a memory

We could find a hundred reasons  
That could keep us from goin'  
But how 'bout we take every single one  
And just throw 'em all to the wind?

Turn that porch light on, I'll lock the door  
Let's go find what we're lookin' for

Out there somewhere's a memory  
Waiting on you and me  
Some kinda wild and free, crazy moment  
That we'll neer forget, I swear

Girl, it's been a long time comin'  
Climb on in, got the engine runnin'  
Baby, way out there, somewhere there's a memory  
There's a memory, ooh yeah

Out there somewhere's a memory  
Waiting on you and me  
Some kinda wild and free, crazy moment  
That we'll neer forget, I swear

Girl, it's been a long time comin'  
Climb on in, got the engine runnin'  
Baby, way out there, somewhere there's a memory  
There's a memory

There's a memory  
There's a memory
